

13 June 2024

Dear Parents and Students

We are very much looking forward to seeing students on results day to celebrate their results and to congratulate them on their hard work and success.

Arrangements for Results Day

This year GCSE results day is **Thursday 22 August**. Students will be able to receive their results in one of the following ways:

1. Students can collect results in person from the **main library** from 9am. Results day is an exciting but also anxious time. Please be assured that staff will be available to support students as they collect results. Parents are welcome to wait in the car park (the new car park behind the sports hall) while students collect results. We will encourage students to come straight back to you; we know you will be anxious and excited too!
2. We can email results to students at 10.30am on Thursday 22 August. If students would like their results emailed, they should notify exams@klbschool.org.uk before Thursday 8 August. Please note that emails will only be sent to students' school email accounts.
3. Results not collected on Thursday 22 August, will be posted home to students on Friday 23 August. It will not be possible to provide results on the telephone.

Guidance and Support

A range of staff will be on hand to offer support and guidance, including members of the year 11 pastoral team, the KLB Sixth Form Team and senior staff.

KLB Sixth Form Applications

For the students who have applied to KLB Sixth Form, a letter will be enclosed inside the GCSE results envelope. This will confirm the status of each student's application. If all entry requirements have been met, the letter will confirm the courses. If a student has not secured the grades for one or more subjects, we will have considered the student's historical data and consulted with relevant teachers before reaching a decision.

Students will be welcome to talk to members of the sixth form team to consider alternatives. This will depend on grade requirements, the option blocks and the numbers in classes. This will be explained in the letter.

We will reserve a place in the sixth form for all successful applicants for five days. **To confirm acceptance of the offer, students should email jcampion@klbschool.org.uk before 5pm on Tuesday 27 August.** We will acknowledge all emails.

For students who have not met the entry requirements to join the sixth form, other staff will be happy to support.

KLBS Sixth Form Bridging Tasks – [link available from Monday 24 June](#)

These tasks are designed to provide an insight into the early weeks of the courses. They also help students to return to study after a few months away! These tasks are compulsory and should be brought to the first lesson of each subject in September. This link takes you to the tasks:

https://drive.google.com/drive/folders/13MjHKfCnyBroyXS_VkHx2SvIKn6S-ruc?usp=sharing

If you have any questions at this stage, please email hkhan@klbschool.org.uk.

Best wishes

Hannah Khan
Headteacher
